O R D E R

On April 3, 1985, the City of Prospect ("City") and Timberlake Sanitation, Inc., ("Timberlake") filed a joint application for transfer of the facilities to the City.

Timberlake is located within the City and serves only customers within the city limits. The City currently operates two other sewage treatment facilities.

The terms of the purchase are transfer of all facilities to the City for \$15,000. The City will assume operation of the plant and charge the same rates to Timberlake customers as it currently charges other City customers.

After a review of the record the Commission finds that:

1. The City is willing to purchase the treatment plant;
2. The City is technically and financially capable of operating the plant;

3. The public interest will be best served by approval of the transfer.

IT IS THEREFORE ORDERED that:

1. The application for the transfer of Timberlake to the City is granted; and

2. Timberlake shall file with the Commission an Annual Report covering the period January 1, 1985, through the date of transfer.

Done at Frankfort, Kentucky, this 23rd day of July, 1985.
